The Virginia Gators Swim Team is pleased to offer a 10-week training program designed to help you prepare for your high school swim team. The High School Prep Program will focus on your individualized training needs and stroke techniques so that you will be ready to swim fast at the start of your high school season! In addition, if you are looking to supplement your high school swim practices or for additional training, we will offer a "Gold" senior group that will continue to practice at the same time throughout the rest of the season.
